

Additional Health & Safety Protocols

To keep our community healthy and safe, Kids Cancer Care also practices the following additional protocols:

Symptom Screening

Participants will be screened for the presence of COVID-19-related symptoms. For guidance on COVID-19-related symptoms, please refer to the [COVID-19 Information: Daily Checklists](#). All Kids Cancer Care program and event participants must comply with provincial [isolation and quarantine requirements](#).

Contact Tracing

For the purposes of contact tracing, Kids Cancer Care will maintain records of attendance and contact information for programs and events participants.
